VIVOTEK's AB6317-HT is the brand-new professional H.265 high-efficiency outdoor bullet network cameras, offering 30 fps @ 3-Megapixel with outstanding image quality. Employing H.265 technology enables the cameras to provide higher and more efficient image compression rates than previous H.264 systems. In addition, VIVOTEK's sophisticated Smart Stream II Technology enables the cameras to optimize resolution for a desired object or area and therefore to maximize efficiency of bandwidth usage. Combining both H.265 and Smart Stream II, the AB6317-HT can reduce bandwidth and storage consumption up to 80%* while maintaining image quality with the high standard.

As professional day/night cameras, the AB6317-HT is also equipped with WDR Pro and SNV, empowering users to enjoy superb image-detail in any lighting condition. Additionally, IP66-rated housing ensures the ability of these advanced cameras to withstand rain and dust, thus guaranteeing smooth operation even under a multitude of harsh weather conditions. The cameras' IK10-rated housing can also provide protection against acts of vandalism and other impacts.
