

Presented by VIVOTEK North America Training

VORTEX

Virtual VORTEX Certified Training Course

About the Program.

VIVOTEK's Certified Reseller Certification program is a course covering our new VSaaS product line with emphasis on the technology and setup/configuration. In this 4-hour course, attendees will learn the product's features through hands-on labs and demonstrations.

What to Expect.

- 4-Hour presentation/lab
- VSaaS technology
- VSaaS simplified architecture
- Bandwidth requirements
- Licensing model
- VORTEX overview
- System & network architecture
- VORTEX UI and mobile app
- SI partner portal
- Exam

What You'll Need.

- Windows PC/laptop for online meeting, updated to Windows 10
- Chrome or Edge Browser and one ethernet port
- TeamViewer program installed for remote desktop connection

What You'll Receive.

- (1) VORTEX IP camera and (1) VSaaS trial license (per company)
- Digital course materials
- Completion certificate
