

# Presented by VIVOTEK North America Training

Virtual VORTEX Certified Training Course

## About the Program.

VIVOTEK's Certified Reseller Certification program is a course covering our new VSaaS product line with emphasis on the technology and setup/configuration. In this 4-hour course, attendees will learn the product's features through hands-on labs and demonstrations.

## What to Expect.

- 4 hour presentation/lab
- VSaaS technology
- VSaaS simplified architecture
- Bandwidth requirements
- Licensing model
- VORTEX overview
- System & network architecture
- VORTEX UI and mobile app
- SI partner portal
- Exam

## What You'll Need.

- Windows PC/laptop for online meeting, updated to Windows 10
- Chrome or Edge Browser and one ethernet port
- TeamViewer installed for remote desktop connection

## What You'll Receive.

- (1) VORTEX IP camera and (1) VSaaS trial license
- Digital course materials
- Completion certificate
